

**Prayer Requests**

We have a **REVIVAL** planned for Feb 15-19 with Evangelist Kelly Senn – pray for our people to be revived and excited and for souls to be saved!

Also, please pray for our building project!

**Send support to:**

**Sending Church:**

New Life Baptist Church  
414 New Melville Rd  
Willard, MO 65781

**Or Mission Office:**

P.O. Box 191 Springfield,  
MO 65801

**Our field address:**

347 Maimai St, Bldg A  
Chalan Pago, GU 96910  
PH: 671-472-4085

**Our website:**

**Rick & Joy Kelley – Ministering to the Military & Local People of Guam  
2011 in a nutshell**

**Buenas yan hafa adai** from the beautiful island of Guam! This is our End of the Year letter, giving a re-cap on many events that happened in 2011 in our ministry. Also, we will give a preview of what we are expecting to happen in 2012 on our island, if the Lord wills. We want to thank everyone for your continued love, prayers and financial support for us as we are working to win our island to the Lord Jesus Christ.

**Souls Saved!** During 2011, we saw 190 people saved – 61 in church services and 129 at the Guard! God is blessing and we have been able to reach several new Guard families. Pray for us as we disciple these dear people and train them to reach their extended family and friends with the Gospel.

**Building Plan** – This past year we added on to our church building with a Welcome Center slash over-flow room. Our main auditorium is upstairs, and it’s impossible for people with wheelchairs or walkers to get up the steep stairway. So we equipped our welcome center with a TV screen and speaker system so that they can see and hear the service. However, we are still pretty consistently filling the auditorium, so we see the need to expand our space further. We have an already existing pavilion with a concrete floor. God placed key people in our church this past year – the CO of a construction company, a master electrician, and people who know how to do concrete work. So we have decided to turn the pavilion into a new church auditorium that will double our seating capacity. Everyone is very excited about it! We plan to do this in stages, so that we can hopefully do it on our own. It will cost us about \$50,000 to accomplish. Pray for us about this exciting project!
